

**Warner School District 06-5**  
Home of the Warner Monarchs  
P.O. Box 20 \* Warner, South Dakota 57479

August 2<sup>nd</sup>, 2010

Dear Parents, Teachers, and Employees of Warner School;

As of October 10, 1988 the Warner School District has implemented its management plan.

The management plan is available for viewing by interested parties, Monday through Friday, 8:00AM through 4:00PM at the Administration Office in the Warner School. Copies will be made available for \$25.00 with five days written request.

Friable (Easily Crumbled by hand pressure)

The Warner school as required by law has completed their three-year inspection of Asbestos on July 7<sup>th</sup> 2009 and found no friable asbestos in the Warner school buildings. No asbestos was used in the building of the new schools so the amount of asbestos in the Warner Schools has diminished greatly. Only the gym area has some floor tile left, which is covered by a new wood floor, so things are really looking good for the Warner School. Non-Friable (Not Easily Crumbled)

9" by 9" floor Tile

As response actions and preventive measures are conducted or completed and at least semi-annually, you will be notified of any changes the amount and condition of the asbestos containing building materials the school building.

Sincerely,

Dan Duenwald
